

...the first of its kind, pediatric TV channel!

Feel Happy by Dr. Roxanne Daleo

Roxanne E. Daleo, Ph.D., is a Health Educator who taught at Harvard University Health Services. Trained in relaxation and stress reduction techniques at the Harvard Medical School, Division of Behavioral Medicine, her work is based on extensive experience with children and adults. This program is a visual relaxation journey by MindWorks for Children, helping children help themselves be happy, calm and confident.

Healing Music for Children by Steven Halpern and Medcalm

Sound healing music for children of all ages and their families by the well know expert Steven Halpern. Soothing sounds mixed with creative, impressionistic video will calm and assist in the healing process. This original program has been produced specifically for children in the hospital environment.

Tickle Monsters Are Robots and Other Stories by the Story Pirates

The Story Pirates are a group of actors and teachers who transform kids' stories into songs, sketches and movies. This half-hour compilation includes Teacher Aliens, Cats Flying, Giant Bugs, an amazing trip to Coney Island, a satire of Pre-K politics, the greatest sleep over party ever and an extra-terrestrial invasion by Tickle Monsters (who are actually robots!). The Story Pirates will have you asking the musical question, "Why Would You Do What a Dog Does (It's Just Plain Dumb)?"

The Relaxation Station, Relaxation Techniques for Kids, by Children's Hospital of Michigan and Sue Marx Films, Inc.

The Relaxation Station combines spectacular scenes of wildlife, gentle music and simple exercises in relaxation to teach children the basic techniques of breathing, imagination and meditation- skills that they can use for the rest of their lives. Produced by Academy Award winning Sue Marx Films in association with the Children's Hospital of Michigan and filmed by internationally acclaimed wildlife videographer Daniel Zatz, The Relaxation Station is the first of its kind to be used in a pediatric hospital setting.

Puppy Love by Earth VideoWorks and music from “Love Will Find You” by Grady.

Adorable puppies with an hour of reflective music that kids will love. Enjoy over 100 cute, adorable, irresistible puppies. Love will fill the heart as each puppy longingly gazes into one’s eyes bringing that warm feeling to each patient.

Curious Kitty by Earth VideoWorks and music from “Angel Whispers” by Grady.

A purrfect companion for kitty lovers. Enjoy over 100 cute, precious, irresistible kitties. As each kitty longingly gazes into one’s eyes, each child can connect to positive feelings of tenderness and playfulness.

Kaleido Visions by Earth VideoWorks, music by Steven Halpern

Geometric designs, has been painting incredible mandala patterns for over 35 years. Fascinated by their colorful symmetry, he has taken these designs and brought them to life through advanced computer software. The result is an exquisite kaleidoscopic world and a profound synergy with the music. Colorful fun and healing music for kids!

Buddy’s Candle by Dr. Bernie Siegel, illustrated by Mari Gayatri Stein and produced by Medcalm. This story is a touching and heartwarming story. In its gentle way, it helps us to deal with grief and teaches us how to live life fully. As Bernie says, “As a surgeon who has worked with people with life threatening illnesses for years, I know the invaluable lessons we learn from animals.” The format is an audio video “page turner”. Children can listen to the story as they follow along with on screen illustrations from the book.

Visions of Africa by Earth VideoWorks

Children can experience African Wildlife right in their room. Over 100 wildlife photographs hand selected by Alan Morgan the master photographer come alive with music by Stephen Pike composed while communing with animals.

Once Upon a Time by Earth VideoWorks

The Art of James Christensen and Music by Richard Searles. Whimsical art with magical fairies, elves and mystical creatures. Christensen’s art includes unique people, places and things that exist somewhere between adult dreams and childhood memories. On this program are over 100 of his most popular paintings come alive with an hour of traditional Scottish and Welsh music.

Dreamscapes by Earth VideoWorks

Your screen becomes an art gallery synchronized to music that is ideal for relaxation. Create a sense of calm as you provide pleasant visual and auditory stimulation. Presents fluid, flowing, vividly colored, continually changing abstract patterns accompanied by soft piano music which children associate with the “lava lamp” effect.
